

Substitute Plan

Wednesday, September 16, 2026 · Pioneer Valley High School · Mr. Silva

Thank you for covering my classes today. Every class is independent work: students already have everything they need in their Canvas module (software, tools, and step-by-step instructions). Please keep students working on their module for the full period.

This plan covers Periods 1, 2, and 4. There is no class Period 3 (prep).

Today's Classes

Period 1 · 8:30–9:20 AM · Photography 1 · Room 322

First-year photo students. They are finalizing their edits in Lightroom and turning in Module 05: Lightroom Editing on Canvas.

Period 2 · 9:30–10:20 AM · Digital Arts 1 · Room 331

Students are working on Module 05: Live Stream Graphic on Canvas.

Period 4 · 11:35 AM–12:25 PM · Photography 2 · Room 322

Students are working on Module 04: Build Your Own Preset on Canvas.

Classroom Rules

Phones in the wall pockets. Students put their phones in the wall pockets at the start of class and leave them there for the whole period.

No camera check-outs. Do not let students check out any cameras today.

No photo walks. Students stay in the classroom. No going outside or around campus to take photos today.

Stay on the Canvas module. Everything students need is in Canvas. They should be working on their module the entire period.

Attendance

A printed seating chart for each class is on my desk. Please mark any absent or tardy students on it. If you have Aeries substitute access, you may enter attendance there instead.

If You Need Help

For anything urgent, call the main office. A neighboring teacher can also help if something comes up. **Thank you so much!**
